
Innov8 Creations — Brand Strategy Moving Forward

Prepared for: Alejandro Ruiz

Prepared by: Angel Herrera & Jaime Sanchez

Date: March 2026

Phase 1 — Immediate Actions (No Extra Budget Required)

These are high-leverage moves Alejandro can execute today using what he already has.

1. Launch the Website & Claim the Domain

- Deploy the website to a production PHP host (Hostinger, SiteGround, or Cloudways recommended — $5–$20/month)
- Secure `innov8creations.com` or your preferred domain immediately
- Connect Google Analytics and Google Search Console (free)

2. Google Business Profile

- Claim and fully complete the Innov8 Google Business Profile
- Add all 6 portfolio projects as photos
- Set service areas to all 50 states
- **Ask the first 5 clients for a Google Review this week** — this is the single highest-ROI action available at zero cost

3. Activate Social Media with Brand Assets

- Profile photos → use the Icon logo (cyan on dark)
- Cover images → use the horizontal wordmark
- Bio copy → "National Reach. Local Dedication. Premium brand identity & digital design for businesses across all 50 states."
- Priority platforms: Instagram (visual portfolio), LinkedIn (B2B leads)

4. Use the Portfolio Actively

- Share each of the 6 portfolio projects as a dedicated post on Instagram and LinkedIn
- Tag clients (with their permission) for amplification
- Use this structure: *Before → After → Result*

5. Activate the Contact Form

- Set up form submission notifications (email or Slack)
- Respond to every inquiry within 2 hours — speed is your first brand impression

---

Phase 2 — Growth (3–6 Months)

1. Build Out the Portfolio to 12+ Projects

- Document every new client project with photos/video
- Aim for 2 projects per service category
- Prioritize diverse industries to demonstrate national scope

2. Create a Case Study Format

- Per project: Client challenge → Innov8's approach → Measurable result
- 3 case studies on the website = significant trust increase

3. Referral System

- Formalize a referral incentive: "Refer a business that signs with us, earn $X credit toward future services"
- Ask every delivered client within 30 days of completion

Optional Add-On Services (Available Through Us)

The following are services Angel and Jaime can provide on a monthly or project basis, priced at market rate.
